Market surged amid after lockdown expectations

Index gained 70.22 points today reaching up to 5258.50 points. Market started with drop in the beginning of today's session but turned back steadily and continued a strong upward trend till the end resulting a vigorous amount of volume. Though investors were expected to panic and commence a sell pressure as a reaction to the announcement of market closure during lockdown, market behaved quiet rationally today amid investor's realization that they cannot withdraw deposit or adjust margin loan by selling off shares today. Moreover, investors seemed allegedly interested to invest in low priced shares with the hope of gaining profit when the market improves after lockdown. Today's prevailing positivity in the market implies the investor's expectation of a better performing market after lockdown.

Market witnessed remarkable level of participation today generating a trade volume of 146491478 from a total trade of 103896, generating BDT 5119.36 mn turnover today which is around 8% more than yesterday.

BEXIMCO, BDFINANCE, ROBI, CONTININS mainly moved the market positively. On the other hand, CENTRALINS, ASIAPACINS were the negative forces today.

DHAKAINS, CRYSTALINS, EIL, BDTHAI, DOMINAGE, were among the top gainers and PREMIERBAN, FAMILYTEX, LIBRAINFU, ADVENT, RSRM-STEEL were among the top companies to lose price today.

Pandemic intensifies financial stability risks

The ongoing pandemic has exacerbated Bangladesh's financial stability risks because of high levels of non-performing loans, weak capital buffers, poor bank governance and risk management, the World Bank said in its latest report. "Reduced profitability, weaker asset quality, and lower credit growth can have large second-round repercussions on the real economy," the report predicts.
